# Homework Packet #11

Friday, December 5, 2014

Dear Parents,

The homework for this week is a family project. I would be very grateful for your help with this.

Each child is asked to make a triorama about a winter tradition that is celebrated around this time of the year at home. Sharing these finished projects will be a great way to learn more about each other and the different traditions that are celebrated.

Today the children were given the trioramas and paper to complete the project. For homework children are asked to write (or type) a small description of their selected tradition. Then throughout the week the students can decorate their triorama with the colored paper provided or with any scraps of material or paper from home.

The finished projects are due in on Thursday, December 11th but if they are finished earlier please send them in.

I hope that you will enjoy this project and thank you in advance for your help.
